Smart Rural Community Showcase Award

Surry Communications is proud to announce that we have been named one of eight recipients of NTCA - The Rural Broadband Association's Smart Rural Community Showcase Award.

This recognition celebrates our continued commitment to connecting the rural communities we call home and creating new opportunities through reliable broadband and technology. For Surry Communications, providing connectivity is about more than delivering a service, it's about helping our communities thrive, supporting local businesses, strengthening education, and keeping people connected to what matters most.

We are grateful to NTCA for this recognition and especially thankful for the members, customers, employees, and community partners who make our work possible.

We're honored to receive this award and even more proud to serve the communities that have supported Surry Communications throughout the years. We look forward to continuing to connect our communities and build a stronger future together.
